

Duvel is an icon of Belgian specialty beer, full of contrasts and surprising discoveries. Its golden-coloured appearance, delicate sparkle and refined, silky taste with complex aromas hides an 8.5% alcohol content. The secret of Duvel's subtle bitterness resides in the Styrian Golding & Saaz Saaz hops and an exclusive strain of Scottish yeast used during the brewing process. The 8.5% kicks in mid-palate, warming to the end. Exclusive glassware enhances the characteristics of the beer.

Belgium 8.5% alc/vol

Heineken
(5.0% alc/vol)
Holland

A lager beer employing a bottom fermentation brewing method, using 100% barley malt formulation, with no added preservatives.

Carlsberg Light
(4% alc/vol)
Denmark

Carlsberg Lite is a clean, refreshing, light flavoured 4% abv beer. Its distinctively smooth taste, balanced by subtle bitterness, combine to make it a truly unique light beer with a European heritage.

Corona
(4.6% alc/vol)
Mexico

Corona Extra is a perfectly balanced top quality import beer; this easy-drinking, super-premium lager is the perfect choice for relaxing with friends, or enjoying a quiet moment alone. Its clean, crisp refreshing taste makes any occasion a special one.

Bud Light
(4% alc/vol)
Canada

Brewed in Canada since 1986, Bud Light is the #1 light beer in the world. Bud Light is brewed using a blend of rice and malted barley to give it that unique clean aroma and crisp smooth finish.
